

# London for All

London for All can help your organisation strengthen its knowledge and skills, work more effectively and better support service users.

The partnership project, led by London Voluntary Service Council, offers insight and learning from a collective 200 years of experience, plus understanding of the practical application of such expertise.

London Councils is committed to fighting for more resources for London and getting the best possible deal for London's 33 councils.

# Transform your organisation

London for All

## Improve your use of technology...

Lasa can help your organisation make the best use of technology in delivering services.

So whether you need help replacing your old database or want to find out more about how new technologies like cloud-based services and social media can help your organisation, we'll provide you with independent, impartial and free advice you can trust.

@LasaICT

## Skill up on the Equality Act...

ROTA can provide your organisation with informative and participative training on the Equality Act 2010, along with support in holding public authorities to account, signposting and train-the-trainer sessions. ROTA tackles issues affecting Black, Asian and minority ethnic communities.

'Thank you for a very useful course – which should be made mandatory for all'

## Become more sustainable...

As the largest national umbrella organisation for the women's sector, Women's Resource Centre's expertise is second to none.

WRC provides train-the-trainer support, a variety of organisational sustainability training courses, and gender expertise. Who should contact WRC? Any women's organisations in London wanting to know more about WRC's organisational development services or for signposting to help and support. WRC has extensive networks within London and across the country.

## Make your services more inclusive...

HEAR, the London network of equalities organisations, provides training to make your organisation accessible to everyone and gives you a clearer picture of how to use human rights approaches in your work. HEAR also provides support in responding to consultations and signposts to other specialist organisations.

## Deliver to Londoners

Through a variety of forums, London Voluntary Service Council can offer your organisation networking opportunities. One example is London's Voluntary Sector Forum which strengthens relationships in the sector and provides a clear strategic overview of different local challenges and issues at the London level.

In addition to this, organisations are eligible for expert HR advice, training that ranges from fundraising to personal development, assistance working more collaboratively or merging, and support on policy issues such as employment and skills.

LVSC can also help you become a climate change leader, improving your organisation's energy efficiency and ensuring representation of the sector's views at statutory level.

As the lead partner of the London for All project, you can contact LVSC below to find out more about any of the opportunities within this leaflet.
